

Invitation for City Fair 2021

We are announcing a special partnership for CTA supplier members who want to take part in [City Fair 2021](#), organised by ETOA.

Celebrating its 10th Anniversary this year, **City Fair will offer 5,000+ meetings** with tour operators and intermediaries – playing its role as a product and commercial development workshop for European tourism suppliers and destinations. More than ever, June's event will bring together the right people to forge new business and share new ideas as markets begin to reopen.

Meet a selection of product developers and contractors from throughout Europe, China and the USA with direct purchasing responsibility in a full day of B2B online meetings and plan for the return of long-haul and intra-European clients.

Over 140 buyers have already registered and are ready to do business with you, click [here](#) to see the current list.

We will be holding this year's event online and our workshop format means you can hold scheduled appointments with tourism buyers from across the world without leaving your desk.

CTA supplier members can attend City Fair for GBP 799+ VAT, saving GBP 300 on the non-member delegate rate with discount code CF21CTA
